

Research Projects			
	Name	Funding Agency	Amount (in Lakhs) Period Implementing Department
1	Dissemination of poultry and goat meat processing technology and establishment of meat processing demonstration unit	Department of Science and Technology, New Delhi	070.99 2019-22 Veterinary Public Health and Epidemiology
2	Effect of Promoter mutation of candidate gene on Growth Kinetics and Pathogenicity of Salmonella typhimurium	Early Career research award, SERB, Department of Science and Technology, New Delhi	044.40 2018-21 Veterinary Biochemistry
3	Strengthening of Life Science and Biotechnology Education and Training of undergraduate level under Star College Scheme”	Department of Biotechnology, Ministry of Science and Technology, New Delhi	058.00 2015-2018 Animal Genetics and Breeding
4	Strengthening of Life Science and Biotechnology Education and Training of undergraduate level under Star College Scheme”	Department of Biotechnology, Ministry of Science and Technology, New Delhi	104.00 2019-2022 Animal Genetics and Breeding
4	Survey Work of Osmanabadi Goat Breed	<i>Punyashlok Abilyadevi</i> Sheep and Goat Development Corporation, Pune	015.50 2011 Animal Genetics and Breeding
5	Buffalo development through community based approach for enhancement of milk production in Parbhani District	RKVY, Department Of Agriculture & Cooperation, Ministry Of Agriculture & Farmer Welfare, Government Of India	051.60 2010-12 Livestock Production and Management
6	Sustainable income generating goat rearing for rural women empowerment in Parbhani district	Department of Biotechnology, Ministry of Science and Technology, New Delhi	022.03 2010-12 Livestock Production and Management

7	Grass Land Development	RKVY, Department Of Agriculture & Cooperation, Ministry Of Agriculture & Farmer Welfare, Government Of India	010.00 2010-12 Livestock Production and Management
8	All India Network Program on Blue tongue	Indian Council of Agriculture Research, New Delhi	061.00 2001-15 Veterinary Microbiology
9	Development of Integrated Pest management Module against important Dipteran pests of livestock with reference to Culicoides midges (Diptera : ceratopogonidae)	Department of Biotechnology, Ministry of Science and Technology, New Delhi	030.90 2009-12 Veterinary Parasitology
10	Demonstration Training Programme in Commercial quail production for rural Women Empowerment in Parbhani District of Maharashtra State	Department of Biotechnology, Ministry of Science and Technology, New Delhi	064.9 2009-12 Poultry Science
11	Assessment Of Mineral Profile Relationship Of Animals, Soils, Feed & Fodder In Maharashtra For Improvement Of Livestock Production Potential	Government of Maharashtra	013.00 2008-13 Veterinary Physiology
12	Improving reproductive efficiency of Cattle and buffalo	NATP-MM, ICAR, New Delhi	056.25 2000-2003 Obstetrics and Gynaecology
13	Evaluation of Locally available feeds & fodders improve Quality & formulation of economic rations in sugarcane based production system	NATP, ICAR, New Delhi	032.36 1999-2003 Animal Nutrition
14	Studies on Cataract in bovines	ICAR, New Delhi	08.78 1995-98 Veterinary Surgery

National Conferences Organised			
	Name	Event	Period Department
1	Recent Trends in Veterinary Immunology and Biotechnology for Doubling Farmers' Income through Livestock Health and Production	XXIV Annual Convention and Conference of Indian Society of Veterinary Immunology and Biotechnology & One Day Satellite Seminar for Veterinary Officers	December 5-7, 2017 Veterinary Microbiology
2	Recent advances in the management of surgical disorders	XVI congress of Indian Society for Veterinary Surgery and National Symposium	January, 20-22 , 1993 Veterinary Surgery
3	Mechanism of Immunity in infectious diseases of Livestock & Poultry	VI Annual Conference of Indian Association Of Veterinary Microbiologists, Immunologists & Specialists In Infectious Diseases (IAVMI)	February, 4-6, 1985 Veterinary Microbiology
4	Development of Deoni and RK breeds	State Level Symposia by MAU, Parbhani	June 17, 1987 Animal Genetics
5.	XVI Annual Conference of Society of Toxicology	National Level Conference	December, 23-25, 1997 Veterinary Pharmacology

Achievements of the Institute

- ICAR- National Bureau of Animal Genetic Resources (NBAGR) recognised and registered Lal
- 1 Kandhari breed of Cattle (INDIA_CATTLE_1100_REDKANDHARI_03024, 1990) (by Department of Livestock Production and Management)
 - 2 Establishment of “Veterinary Biotechnology Education and Research Cell” with well-equipped Molecular Biology Laboratories (2008)
 - 3 Increase in Undergraduate student intake capacity from 60 to 80 students (2017)
 - 4 Post graduate education in all Departments and PhD for Five Disciplines
